ACHIEVEMENTS

Project Collaboration and Training in Pune (09/2023 - 10/2023)

Selected by NIC to visit Pune for an in-depth code review and understanding of a critical project. Successfully collaborated with the team, enhancing my knowledge of the project and contributing to its progress.

Software Training for Government Officials (07/2023)

Provided comprehensive training to the Sub Registrar Officers of Assam on our designed software, ensuring effective use and implementation of the system. Demonstrated strong communication skills and the ability to simplify complex technical concepts for end-users.
